

Science/Nature Discovery Day

Registration for “Jr. Science Labs” is now open for the fall session. This is a hands-on, interactive program introducing your child to basic elements of science. Your child will have the opportunity for exploration, observation, ask questions, make a hypotheses, engage in hands-on activities and conduct experiments! Let your child explore, experience and discover Science is fun and we love it!

The Jr. Science Lab is offered on Mondays;

Session 2
